

# 9<sup>th</sup> CIIT SCIENCE DAY

**Tuesday, 02.07.2024, MZA, 1pm-6pm**

Keynote lecture:

**Prof. Asier SAEZ-CIRION, PhD**

Pasteur Institute, Université Paris Cité, Paris, France

*“Learning from HIV Remission Following Allogeneic Stem Cell Transplantation”*

Dear Colleagues,

We are excited to announce the upcoming Science Day of the CIIT Network, focusing on Infection, Immunity, and Transplantation. This event promises to be an engaging platform for **researchers, clinicians, post-docs and students** to exchange knowledge, share insights, and foster collaborations in these vital areas of medical research. This year, we aim to encourage post-docs to engage in the poster and oral presentation session, offering them a valuable chance to expand their professional network.

**Agenda highlights:**

Keynote Lecture, Poster Sessions and Short Talk Session

**Call for Abstracts:**

We invite submissions for **oral and poster presentations** on topics related to infection, immunity, and transplantation. Abstracts should be submitted online to [CIIT@i-med.ac.at](mailto:CIIT@i-med.ac.at) using the attached Abstract Submission Template – **Deadline: 31.05.2024**

**Registration:**

Attendance to the Science Day is free, but registration is required. We are delighted to offer complimentary food and beverages throughout the event. Please register online via email to [CIIT@i-med.ac.at](mailto:CIIT@i-med.ac.at) to secure your spot.

For additional information, please visit: <https://www.i-med.ac.at/ciit/scienceday.html>

We are looking forward to your participation.

Sincerely,

Wilfried Posch and Thomas Sonnweber

*On behalf of the CIIT Speaker's Team*
