Open Calls

Eurolife grant opportunities

Eurolife, a transnational network of eight Medical Universities / Faculties where Medical University Innsbruck is a member of, aims to promote collaborative research and education, as well as further research opportunities in the field of biomedicine and medicine.

This month, Eurolife publishes its first two calls for funding opportunities:

1.) Short-term Eurolife Research Exchanges. 1st round – 2016.

This funding scheme offers young researchers from the participating organisations the opportunity to apply for travel grants to another university in the network in order to initiate / intensify collaborations between them. The amount of the grant is 1.500,- Euro.

More details can be found on the official Eurolife website:

<http://eurolifeuniversities.org/short-term-eurolife-research-exchanges-1st-round/>

The call text and application form can be downloaded from our website:

2.) Kick start grants to boost Eurolife member collaboration and participation in research projects within the Horizon 2020 framework programme

This grant aims to support principal investigators from the participating universities in preparing collaborative research projects within European programme Horizon 2020. To be eligible, consortia must include at least three organisations out of the Eurolife network. Each participant in such a proposal can apply for a maximum grant of 2.000,- Euro to cover travel and accommodation costs.

The complete call description has been published under:

<http://eurolifeuniversities.org/kick-start-grants-to-boost-eurolife-member-collaboration-and-participation-in-research-projects-within-the-horizon2020-framework-programme/>

Again, the call documents can be downloaded at the MUI webpage:

Workshop

FFG Akademy / EIP: How to write a competitive ERC Grant Proposal, 7th July 2016, Vienna

Within the context of the FFG Academy, the department of European and International Programmes offers specific trainings for researchers who are interested in the Framework programme of the European Union.

We would like to cordially invite you to the training "How to write a competitive ERC Grant Proposal" which will take place on July 7th, 2016 in Vienna. The training is primarily aimed at researchers planning to submit a proposal to the ERC Starting Grant Call 2017 (anticipated deadline October 18th, 2016) or to the Consolidator Grant Call 2017 (anticipated deadline February 9th, 2017).

When: July 7th, 2016, 9:30 am - 5:30 pm

Where: House of Research, Sensengasse 1, 1090 Vienna, Ground Floor, big meeting room

Further information as well as the registration template and the agenda can be found

here: https://www2.ffg.at/anmeldungen/erc_grant_proposals_201607/

Please note that the number of participants is limited.

Information on other trainings of the FFG Academy is provided in the calendar:

<https://www.ffg.at/europa/akademie-termine>

SFB Konzept Proposer's Day

Target group: all researchers

Begin: 2016-08-31 / 13:00 CET

End: 2016-08-31 / 15:30 CET

Location: Haus der Forschung, Sensengasse 1, 1090 Wien

Registration: gerit.oberraufner@fwf.ac.at

DAYS OF MOLECULAR MEDICINE 2016: Bugs to Bedside to Biotech, October 27-28, 2016

Over the past 16 years, DMM has become one of the most prestigious international meetings dedicated to promoting translational science and molecular medicine.

The meeting is designed to break new ground in a specific arena that is both timely and critical to translational science at the highest level, and is not intended to highlight a single disease area or technology.

When: October 27-28, 2016

Where: Nobel Forum | Karolinska Institutet | Stockholm | Sweden

Organizers: Karolinska Institutet, DMM Global Foundation in collaboration with Fondation IPSEN

Main topics include global health, HIV/AIDS, antibiotic resistance, infectious diseases, vaccine access and development, Ebola, hepatitis C, avian flu, among others.
