New series "Project Days at MUI"

The administrative units involved in the project submission and processing are constantly striving to expand and improve the services offered to researchers of the Medical University of Innsbruck. In this context, we would like to introduce a new format in which scientists interested in developing or submitting a project are given the opportunity to meet with the relevant members of the administration at regular **topic-driven** consultation days.

On Tuesday, December 4, 2018, from 9:00 am to 12:00 pm, the first consultation day on "**EU Projects - Submission and Settlement**" will take place on the premises of the Service Center Forschung, Schöpfstr. 45.

Representatives of the Finance Department, the HR Department, the Legal Service Center, the KKS and the Research Service Center will be present.

Time slots of 30 minutes are offered to discuss specific questions about this topic.

Registration is possible on 28.11.2018 (with the desired time and a rough description of the topic to be discussed) at sc-forschung@i-med.ac.at (first come - first serve).
