ERC Proposal Reading Days - FFG/Starting u. Consolidator Grant, 09.11.2016

With "ERC Propoal Reading Days" we would like to offer potential ERC-applicants the opportunity to read successful ERC grant applications well in advance before the respective call deadline (upcoming deadline: February 9th, 2017 for the ERC Consolidator Grant Call).

Due to the kind consent of the ERC grantees in question, we can offer several sample proposals (Starting and Consolidator Grant) for the domains "Physical Sciences and Engineering", "Life Sciences" and "Social Sciences and Humanities" as reading material within FFG premises (Panels: LS1, LS2, LS7, LS8, LS9, PE2, PE3, PE8 [new], PE10[new],SH2, SH3, SH4 [new],SH6).

The next "Proposal Reading Day" will take place on the following day:

Wednesday 9 November 2016, 3 pm - 6 pm

Location: FFG, Sensengasse 1, 1090 Vienna, Room Franziska Seidl, Ground Floor

If you would like to attend, please notify at gudrun.reisenauer@ffg.at (if possible no later than one week before the respective date).

Open Calls

EU Prize for Women Innovators 2017

The EU Prize for Women Innovators 2017 competition, which awards female entrepreneurs who have successfully brought an innovation to market, is open.

This year's edition is open to women of any nationality living in a European country that have founded or co-founded a company with a turnover of at least €100,000. To spotlight a new generation, the 2017 edition will also feature a Rising Innovator category for female entrepreneurs aged 30 years or under.

4 Prizes

- 1st prize €100,000
- 2nd prize €50,000
- 3rd prize €30,000
- Rising Innovator prize €20,000

Deadline: 3 November 2016

Application Website:

http://ec.europa.eu/research/innovation-union/index_en.cfm?section=women-innovators

Horizon 2020: New Call for Innovative Training Networks open

Opening date: 15 September 2016

Work Programme Part: Marie Skłodowska-Curie Actions.

Deadline: 10 January 2017

The Innovative Training Networks (ITN) aim to train a new generation of creative, entrepreneurial and innovative early-stage researchers, able to face current and future challenges and to convert knowledge and ideas into products and services for economic and social benefit.

ITN will raise excellence and structure research and doctoral training, extending the traditional academic research training setting, incorporating the elements of Open Science and equipping researchers with the right combination of research-related and transferable competences. It will provide enhanced career perspectives in both the academic and non-academic sectors through international, interdisciplinary and intersectoral mobility combined with an innovation-oriented mind-set.
