

Tenure Track Position according to § 99 (5) Universities Act for Otorhinolaryngology with a focus on translational head and neck oncology

at the Department of Otorhinolaryngology of the Medical University of Innsbruck
(full-time position)

The Medical University of Innsbruck, located in the heart of the Austrian Alps, is the largest and most important medical research and education facility in the West of Austria. We currently teach and train over 3,600 students in seven Bachelor-, Master- and Doctoral Programs, most of them in medicine. A dedicated staff of more than 2,200 employees covers all relevant fields from basic research to clinical sciences.

The successful applicant initially concludes an employment contract for a fixed term of six years and, following a positive outcome of the procedure, a qualification agreement. Once it has been established that the qualification agreement has been fulfilled on the basis of a positive evaluation, the contract is converted into an employment contract for an indefinite period.

Your profile

Requirements:

- Completed degree in human medicine
- Completed specialist training in otorhinolaryngology, meeting the requirements for acceptance into the list of medical doctors of the Austrian Medical Association
- Outstanding research and publication activity
- Potential to lead innovative research projects in head and neck oncology
- Experience in the conception, acquisition and management of third-party funded research projects
- Academic teaching experience as well as the willingness to get involved in teaching activities and their further development
- Profound knowledge in the care of head and neck tumor patients and their treatment
- Experience in interdisciplinary, translational research in the field of head and neck oncology, with special consideration of the topic of antitumor immunotherapy and new methods of image processing
- German language skills, minimum level B2 according to the European reference framework

Your main task:

- Academic teaching and supervising students within the different university programs
- Implementation and management of a clinical, translationally oriented research group with special consideration of the topic of anti-tumor immunotherapy and new methods of image processing
- Participation in the management of the oncological study center of the Department of Otorhinolaryngology
- Acquisition and management of nationally and/or internationally funded research projects
- Collaboration in patient care in cooperation with the A. ö. Landeskrankenhaus Universitätskliniken Innsbruck, especially in the field of head and neck oncology within the framework of the given structures of the Department of Otorhinolaryngology

We offer:

- a competitive start-up package including guaranteed annual base funding
- a varied and largely independent job in a highly attractive work and social environment in a most liveable city
- a dynamic research environment
- numerous further education and development opportunities
- support through central service facilities
- various attractive additional company benefits (including but not limited to excellent support through our service-oriented administration, childcare support, dual career consultation, and an inhouse pension fund in addition to the statutory social insurance)

The current position (full-time employment) commences with a 6-year contract based on a mutually accorded qualification agreement. If the qualification goals are met following a positive evaluation, the contract can be extended indefinitely with the job title of 'associate professor'.

A salary based on group B1 (or A2 after fulfillment of a qualification agreement based on a positive evaluation) of the collective contract ('Universitätskollektivvertrag') for Austrian university employees.

Application

The complete application documents (see Application Guidelines under: <https://www.i-med.ac.at/karriere/laufbahn.html>) must be sent digitally (as pdf files) in German or English to the following e-mail address: tenu-retrack@i-med.ac.at

Deadline for submissions is 06.08.2025

Non-EU citizens must fulfil the relevant Austrian legal requirements regarding residence and work permits.

Applicants are not entitled to compensation for travel expenses with reference to this tender.

The Medical University of Innsbruck is an equal opportunity employer. We seek candidates who embrace and reflect diversity and encourage minorities/women/individuals with disabilities to apply.

In case of inconsistencies between the German and the English versions of this tender, the legally binding version is the German one.
